

WhiskERS

Whitepaper

INTRODUCTION

Whiskers (\$WHISK) is a meme-token on the TON (The Open Network) blockchain, designed not just for entertainment but to provide real utility within the TON ecosystem.

Launched on April 19, 2024, \$WHISK quickly gained traction and legitimacy.

In this whitepaper, you'll uncover the long-term vision of Whiskers and learn why Whiskers is far more than just another meme token.

LAUNCH AND VERIFICATION

- **Launch Date:** April 19, 2024
- **Network:** TON
- **Verification:** Within 24 hours, \$WHISK was verified on both TON Keeper and Stonfi platforms.

TOKEN ALLOCATION

- **Total Supply:** 8,888,888,888 \$WHISK
- **Liquidity Pool:** 7 billion tokens allocated to the Stonfi liquidity pool. These LP tokens were burned to ensure safety and ample liquidity for participants. **Proof of Burn**
- **Airdrops and Features:** The remaining tokens are allocated for airdrops and upcoming liquidity features.

AIRDROPS

Since inception, three airdrops totaling approximately 495 million \$WHISK tokens have been distributed to the most active participants within the TON ecosystem.
